- Incentive with prizes!!!
Who Completed the Survey?

- Survey sent to = 3,490, received 770 back, giving us a **22%** Response Rate
- Last year 516 surveys, **26.5%** Response Rate
Approximately what percent of your total course work this academic year (2005-2006) has been taken **online** versus **traditional** classroom setting?
If you live **within driving distance** of the OSU Corvallis Campus, why do you take OSU online courses?
“The on-campus class has 150 students; the online course has 30 students. I do better in smaller classes.”

“I needed to travel overseas to care for an ill family member. Ecampus thus allows me to still do school work.”

“I didn't like the professors on campus that were teaching the class.”

“Driving 2 hours a day for only 2 classes seemed a bit much. I save money on fuel. It also allows me to do my class work on my time schedule, although I MUCH prefer normal classes!”
How do you connect to the Internet?

- **57%** connect using Broadband
- **29%** connect using DSL
- **9%** connect using dial-up

*Other responses include wireless and satellite*

Final Comments from Students

“The only issue I have with Ecampus is the teachers that are allowed to teach the classes. They need to be monitored and taught how to use everything involved online before teaching the course (like blackboard, who is going to post quizzes/tests, who, between Ecampus people and the teacher, is responsible for what, etc.).”

“Overall I have been impressed with my online course experience and will be taking one more online class next term.”

“Awesome job! Keep up the EXCELLENT work! A++++++++!!!”

“Please offer more courses online...they are great.”
Final Comments from Students

“I was wondering why online courses cost so much more than traditional classrooms. I think it would help students understand the costs and be more willing to take online classes if when you mailed the paper saying how much the classes cost, if you gave a break down of why they cost so much.”

“Give Moina a raise! (from Dave Stein)”

“This is my last term, but I think streaming video lectures need to be the way to go in the future. I have mentioned this on nearly every SET for the last two years.”
Preliminary Action Items

- Analyze Text Comments
- Examine ways we can better inform students on upcoming technologies
- Work with Academic Success Center to:
  - Compare drop rates of Ecampus courses to on campus and coordinate efforts to support students
  - Provide Ecampus students with strategies for time-management and study skills
  - Establish an OSU testing center
Preliminary Action Items

- Provide survey results to various Ecampus units, OSU Bookstore and Library Services
- Provide survey results to instructors, emphasizing feedback they can use to improve courses
- Examine faculty-student interaction and suggest action items to increase student satisfaction
