An aerial photograph of a university campus. The scene is dominated by large, mature trees with vibrant green and yellow foliage, suggesting a late summer or early autumn setting. In the background, a multi-story brick building is visible. The foreground features a paved walkway that curves through a well-maintained green lawn. A large bush of pink flowers is situated near the intersection of the path. The overall atmosphere is bright and sunny, with a warm glow from the upper right corner. Several small orange plus signs are scattered across the image, likely serving as design markers.
